

Sebago to the Sea Trail

Connecting Communities

The Sebago to the Sea Trail is a continuous trail from Sebago Lake to Casco Bay, connecting Standish, Windham, Gorham, Westbrook, Portland and Falmouth. Members of the Sebago to the Sea Coalition worked with partners within each town to acquire rights of way. Connecting six towns, this trail provides residents and visitors with wonderful biking, hiking, walking and commuting opportunities.

Much of the trail network shown on this map is available for public use. Some of the proposed trail route is privately owned, inaccessible, or undeveloped. These undeveloped segments should not (and in many cases may not) be used by the public until we have permission from landowners.

Use trail at your own risk.
